DISCOUNTS AVAILABLE

PRESIDENT'S REPORT;

Hello Everyone

Just to remind everyone that the bus trip to the Roselovers Show and other interesting venues in May still has empty seats. It will be going anyway, so those of you who have booked and wish to bring friends, there will be room. Those who have not indicated that they wish to come or will be bringing friends along please let Jenny Elmslie know as soon as possible.

It has been proposed that we have at our monthly Show more of a question and answer time regarding roses. This is not a problem and we could all learn more about our roses through these discussions.

The Society has purchased the up to date Modern Roses Version 12 which replaces the Version 11 Modern Roses. Version 11 is now in the library, should anyone wish to peruse Modern Roses 12 it will be at all our monthly meetings.

Finally, don't forget that the QRS show is being held on the Mother's Day weekend. Free passes to that show are available from Angela.

Keep Happy, 'til next time

Terry Burke
PRESIDENT

MAY MEETING;

Our next meeting will be held on 24th MAY, the topic "THE BENEFITS OF "SUDDEN IMPACT FOR ROSES & SEAMUNGUS" FERTILISERS" for our Roses. Our Guest Speaker, Angus Irwin will be travelling all the way from S.A. to talk to us on this subject.

Although we have a great Committee, we still need members help at our Monthly Meetings. Some of you may not be able to help putting out the tables, but there are many other things to do such as putting out chairs, the Division Cards for Exhibitors, helping on the Entry Table and the Kitchen. So if your surname starts with **I through to P** we would love you to come along at 1pm, bring something along for afternoon tea and help us out with one of the above. See Angela if you need a little 'guidance'
